**Databases:** MongoDB, MySQL

**Tools and Platforms:** Git, GitHub, Netlify, Postman, Vercel

**Soft Skills:** Communication, Team Collaboration, Problem Solving

**Languages Spoken:** English, Hindi, Marathi

## EXPERIENCE

---

**MERN Stack Developer Intern** June 2025 - Ongoing  
Tars Technology Nagpur, Maharashtra

- Working on real-world client projects using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Building dynamic and responsive web applications with React.js and Tailwind CSS.
- Integrating MongoDB for data management and implementing CRUD operations.
- Collaborating with UI/UX designers to create seamless user experiences.

**Frontend Developer Intern** June 2024 - Aug 2024  
Lucki Media Ahmedabad, Gujarat

- Built and maintained company's full-stack website using MERN stack technologies.
- Developed dynamic UI components using React.js and improved responsiveness across devices.
- Collaborated with cross-functional teams to deliver timely updates and enhancements.
- Gained practical experience with frontend optimization and debugging.

## PROJECTS

---

### Accord-AI Website - [Accord-AI](#)

- Tech Stack: React.js, Node.js, Express.js, MongoDB, Vercel
- Developed a fully responsive client website using MERN stack for Accord AI, a tech-based service provider.
- Designed and implemented an interactive frontend with React and Tailwind CSS.
- Integrated MongoDB for dynamic data storage including blogs, contacts, testimonials, and product entries.
- Built a secure Admin Panel with login authentication for managing blogs, clients, products, and user messages.
- Enabled seamless communication between frontend and backend using Express.js APIs.

### Vaipali Website - [Vaipali](#)

- Tech Stack: React.js, Node.js, Express.js, MongoDB, Vercel
- Developed a professional full-stack portfolio website for a real-world client.
- Designed responsive UI with React and Tailwind CSS for optimal performance across devices.
- Used MongoDB for structured data storage and real-time content updates.

### Job Seeker Website - [Job-seeking](#)

- Designed a full-stack job seeking application enabling user authentication and job listings.
- Implemented CRUD operations and RESTful APIs using Express.js and MongoDB.
- Enhanced UX with a clean, responsive UI using React.js and custom CSS.

### E-commerce Website - [E-commerce](#)

- Developed a scalable e-commerce frontend with dynamic product listings and cart features.
- Integrated React Router, state management, and modular components.
- Ensured mobile responsiveness and optimized performance.

### Potrfolio - [Portfolio](#)

- Created a personal portfolio showcasing skills, projects, and certifications.
- Employed React.js and Netlify for smooth deployment and navigation.

## CERTIFICATES

---

### Web Design and Development

- I have successfully complete this certificate by Skillrex Infotech Solution PVT LTD.

### JavaScript and React.js

- I have successfully complete this certificate by Codewithrandom.dev.

### MERN Stack Development

- I have successfully complete this certificate by 30dayscoding.
